

REVOLVING HAM HOLDER

PROFESSIONAL LINE

**JSP+ Model**

Made of solid Stainless Steel and Beechwood.  
Specific for holding "PARMA" style no-hoof hams.

It can be used in two ways:

Fixed on the wall (holds the ham in vertical position)

On table (holds the ham in horizontal position)

It allows to take it down from the wall and use it on a table.

Great cut versatility, this model features the "JAMOTEC SUPPORT" which allows cutting the ham in two ways:

"CLASSIC CUT" or "TRANSVERSE CUT".

**25-year warranty**
